

Complete Voice Solutions

Nationwide Local Dialtone

One Bill, One Order Desk

WCS consolidates all of your local dial-tone and POTS (Plain Old Telephone Service) for all your locations nationwide. What's even better, not only can you save time and reduce your costs, but doing so has never been easier. There is never a facilities change, just a billing record change.

At WCS, our first priority is to convert your service seamlessly. Our project management teams dedicated to POTS and DSL conversions ensure timely and accurate communications and updates on each location prior to and following each conversion. Get the peace of mind you deserve knowing your local service is being managed by a company dedicated to the successful implementation and turn-key management of complex voice and data networks for large fortune accounts.

MAJOR TERRITORIES

- One Consolidated Invoice
- Even Independents
- Integrated TEM Portal
- Competitive DSL Options

WCS POTS consolidation solution eliminates the burden of auditing hundreds to thousands of invoices and provides you with tools to view any and all issues related to your dial-tone network including troubles and MACD's real-time. Our TEM tool and eBilling options allow for secure uploading into other systems including your general accounting software. When combined with WCS Enterprise-View, you will realize unparalleled control over your multi-location dial-tone network.

Let WCS Help You Manage Your Entire Network!
